USB-C Universal Dual 4K Adapter with USB-CtoA adapter

Customizable USB-C to HDMI – Dual 4K monitors

The USB-C Universal Dual 4K Adapter with USB-CtoA adapter is a USB-C Dual 4K HDMI video adapter supporting up to dual 4K60Hz video resolution through DL6950 and fully compatible with most host devices in different operating systems including Windows, MacOS, ChromeOS and Android. The tethered cable features USB-C /A adapter, accordingly it’ s more flexible to support both laptop types equipped with USB-C or USB-A ports.

Features

- **Dual 4K Displays** Connect two HDMI displays at up to 4K@60Hz each.
- **USB-C and USB-A Connectivity** Connect to either port type with the included USB-C to USB-A adapter.
- **DisplayLink Technology** Powered by the DisplayLink DL6950 chipset for dual-display output.
- **Multi-OS Support** Supports Windows, macOS, ChromeOS, and Android.
- **USB Bus Power** Powered directly through the host USB connection.
- **Compact Design** Features a compact aluminum and plastic housing with a 30 cm tethered cable.
