USB-C Triple 4K Docking Station K-Lock design

Customizable enterprise-grade docking station – Triple 4K monitors - K-Lock design

The DUD15X0 is a USB-C Triple 4K Docking Station that supports three 4K displays, helping you analyze complex documents and edit content efficiently. Designed for computers with a USB-C interface supporting VESA DisplayPort Alternate Mode, it connects displays, USB peripherals, Gigabit Ethernet, a microphone, and speakers to create an efficient workspace at the office or at home. It also provides up to 96W of USB-C Power Delivery to charge your laptop and includes a security lock slot to help secure the docking station.

Features

- **Triple 4K Displays** Connect three 4K displays to expand your workspace and improve multitasking.
- **USB-C Host Connection** Designed for computers with a USB-C port supporting DisplayPort Alt Mode.
- **Up to 96W PD Charging** Keep your laptop powered with up to 96W of USB-C Power Delivery.
- **Six USB 5Gbps Ports** Connect peripherals through five USB-A ports and one USB-C port.
- **K-Lock Security Slot** Secure the docking station with a compatible security lock.
- **Gigabit Ethernet & Audio** Add Gigabit Ethernet, a microphone input, and a separate headphone output.

Specifications

Model	DUD15X0
